MermaidTM
INSPIRATIONAL BATHROOM SURFACES

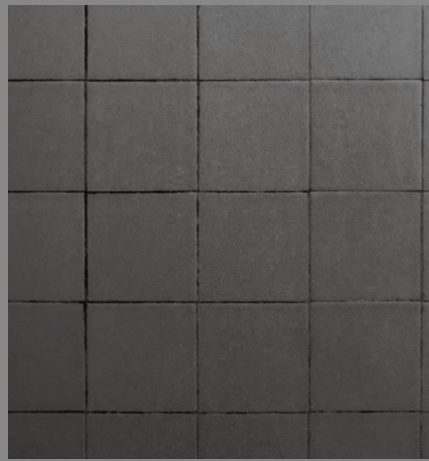

Timeless Trade

Saving

On average it'll be 25% cheaper than installing tiles, and generally it'll be even lower than that still, mainly because our panels do not require a specialist tiler. They also last much longer than tiles, further saving on the life cost.

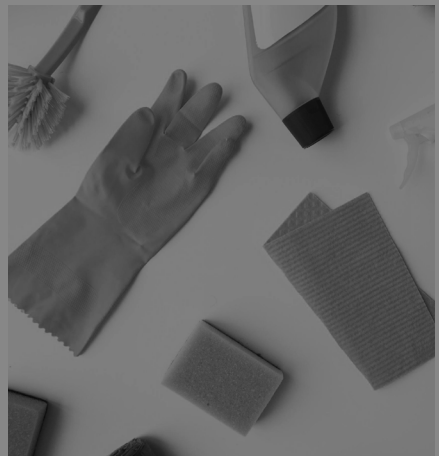

Easy to Clean

We're fed up of grout, it takes a long time to apply, it's a nightmare to clean and after a while it just goes mouldy. There's no grout used with our products, so that means no more mould.

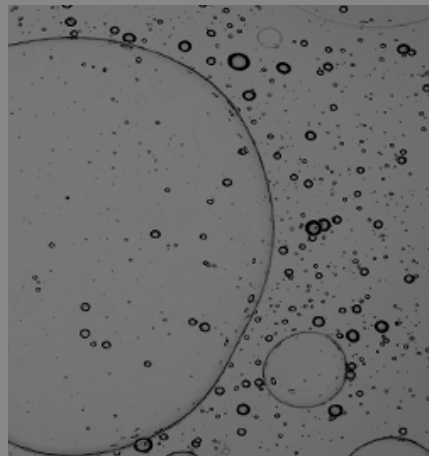

Extra Time

Mermaid panels are so much quicker to fit than tiles that it'll save you money and the effort of getting someone in for long periods of time.

Clean & Safe

Mermaid panels are easy to keep clean with a simple wipe of a cloth and standard bathroom cleaner.

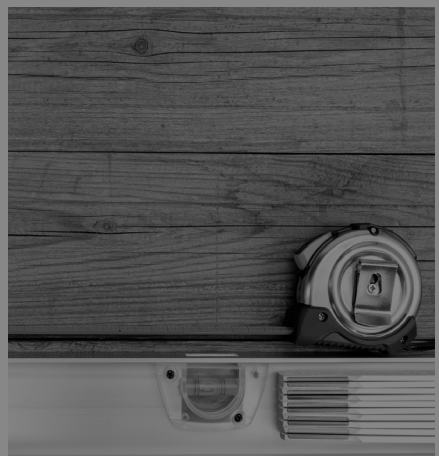

Antibacterial

Our laminate shower panels are now available in our patented **Mermaid Antibacterial Coating**.

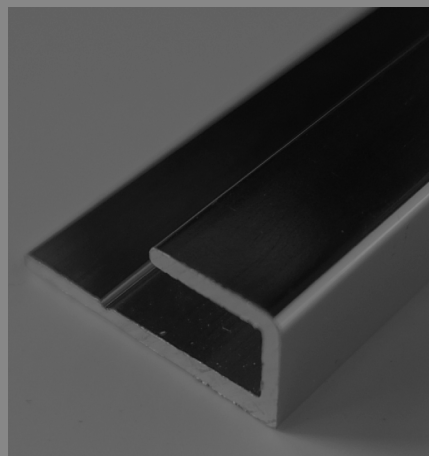

Environmental

Core materials are all taken from PEFC and FSC accredited sources. When buying it is 100% assured that you are not contributing to the destruction of the world's forest.

Set-Sized Panels

Our panels all come in a range of set sizes. These can all be cut down and adjusted on site, making fitting quicker and easier.

Profiles

Both ensure our system is fully waterproof and act as a fantastic decorative finish.

Flexible Adhesive

Our adhesive is used to fix the shower panel to the wall. It produces bonds that remain flexible even after curing.

We believe we have created products that are a choice not a compromise. Shower panels that fulfil all the requirements of tiles but with none of the stress.

Products so versatile they will fit beautifully into any room, whatever your chosen style, leaving you able to design and create your ideal space...

Specification

Acrylic: 4mm highly engineered polymer with a specially designed paint applied to the reverse of the panel. **Composite:** Solid grade laminate with embossed tile effect. **Laminate:** Mermaid Trade Panels are constructed of ply, covered on the face with high pressure laminate and balancing laminate to the back of the panel. All shower panel waterproof gluelines are D4 rated. Laminate shower panels are available with both a square edge or tongue and groove finish.

Type	Width	Edge Detail	Length	Thickness
Shower Panel	1210mm (PLY)	Square Edged	2420mm	11mm
Shower Panel	900mm (PLY)	Square Edged	2420mm	11mm
Wall Panel	585mm (PLY)	Tongue & Grooved	2420mm	11mm
Shower Panel	1185mm (PLY)	Tongue & Grooved	2420mm	11mm
Shower Panel	880mm (PLY)	Tongue & Grooved	2420mm	11mm

Accessories

Mermaid Trade Acrylic trims are a polished silver effect or colour co-ordinated. Mermaid Trade Composite trims are a polished silver effect. Mermaid Trade Laminate profiles come in lengths of 2420mm and are available in white, black, polished silver or satin finishes. They can easily be cut to size and act as a fantastic decorative finish. It is recommended that Mermaid Trade Silicone Sealant and Adhesive is used for all installations.
